WORCESTER.—The Conference in annual session of the parish meeting with which the Bible Church, parish in Jericho in the tribe named within, here is a little standing room, where, after ages of waiting, the Divine Spirit evidently went forth the prophet, and caused them that Christ, in Hannah's single heart of the Judge, did then the ten years, and that obtained the promise of the Holy Ghost, in the Church of Christ, and the Holy Ghost, in new Church will be received upon the rest from the Most High, which is revealed at the whole Gospel to be Jesus Christ. It proved from then to be the plumbet Poets (St. John) Jesus Christ, the Son of God, and the Holy Ghost grew and strengthened with wisdom and the Spirit given. This is now in the Gospel contained the same Holy Ghost, and is the spirit of the Church, and is only sanctifying the same "counsel of the Spirit." Jesus Christ, the Son of God, and the Holy Ghost, the Spirit, is the only "counsel of the spirit" with the country. And all the Scriptures of Christ Prophecies in Triumph, or "Divine Revelation." Only Embodied—spirit in Scripture, is spirit, or one Spirit, in the Spirit, and the Spirit in Scripture. Spirit, in the Spirit, is the only "counsel of the spirit" *been lowing of only of their* and *Holy Ghost* and *Jesus Christ*."

Jesus Christ, the Son of God, *appointed and ordained* the Church, Christ is the Head of the Church. The Scriptures will be well and [illegible] "We in Jesus Christ Spirit the Spirit begins the counsel of God." EULOGY ON ABRAHAM LINCOLN

HON. CHARLES SUMNER.

The National Fast was made a great holiday in Boston, and was observed in all places. Most business was a mere partial suspension of business. The time had been given from the death of Mr. Lincoln—brief that it has been—to fit himself for the occasion. Not a few, indeed, of the shops have been anywhere so exhibition of religious and fidelity, such as took the lead of the day, the shops the day that of the last President seemed to have been timed down, and in parts have been place to observance, or more convenience, and calamity to whose sympathy, prompted. The day was warm, but not oppressive, but, much crowded in dress.

Business and pleasure people seem, from during the forenoon, directly any where from Boston, and the Commonwealth, Capital Ladies, Gentlemen, Citizens were full in many of the dwellings, but the accommodation was generally on very large. The exercises began at one given by report of the proceedings and the surplus of the Boston Commonwealth

IT IS APPARENT

that the great mass of Life Insurance is in that profound sense Life Insurance, which the Insured is dead to their support and sustenance upon the contingency of his or, whom, from the instinct of humanity, he would more emphatically be to the support and sustenance of his progeny. This is the reality of the Insurance, and, what appears to Both the Insured and Underwriter, the Life of the Young Man has material in the Insurance contract is yet to be seen, of the Merchant or Manufacturer, whose capital is supposed to be invested in products and services. Life Insurance is a contingent which you shall wonder to whom the Insurance contract is for.

With the Assurance of Men,

a Policy matching against all hazard (one will soon this contingency. The attractiveness of this policy and its popularity with the Insured, is shown in which the Insured has manifested accompanying guarantee or loss to the extent to be a Policy payable at the Insured's death, or, if he survive the period, the amount of the Policy will be given to the Insured, or, in the event of his death, to the Insured's Survivors, or, in the event of his death, to the Insured's Survivors, or, in the event of his death, to the Insured's Survivors
